ASX Market Announcements  
Australian Securities Exchange  
20 Bridge Street  
SYDNEY NSW 2000

### **Chairman's Address at ASX Listing, 16 January 2017**

---

“On behalf of my fellow directors Peter Benjamin and Angus Middleton, I'd like to welcome you this morning to Kalamazoo's very important Opening Day of trading on the ASX.

Kalamazoo's origins can be traced back many years when the Reinehr and O'Meara families first met in the Pilbara. Just as important however, are the contributions made since 2012 by our first Exploration Director, Brian Richardson and tenement manager Gina Askew and in more recent times by our Exploration Manager Lance Govey, Company Secretary/CFO Bernard Crawford and project geologist Christine Stone.

I'd also like to acknowledge the important assistance provided by our corporate lawyers Williams & Hughes, the ASX and the advice provided throughout the IPO process by Ravensgate, Steinepreis Paganin and Grant Thornton. In particular, I would like to thank Davide Bosio and the entire DJ Carmichael team for its professionalism and assistance in completing our \$5m capital raise.

It is now up to the board and management team to implement our corporate and business plans as set out in the prospectus and in creating further value for our shareholders. Thank you.”

**Luke Reinehr**  
**Executive Chairman**
